

I listen to KLOVE constantly. It has been a huge encouragement to me, family, & numerous friends. It is uplifting and provides a positive outlet for myself and others. There are very few Christian radio stations, KLOVE provides music vs talk radio. I know of no other option we would have if KLOVE was to be removed from the air. I pray that this is not going to happen. Many lives are touched on an hourly basis. This truly is a work of God.
